

FABSPACE V_01

FABSPACE
HANGARS

FABSPACE V- SERIES

Is a modular hangar system with light weight and quick installation for Aircraft and Helicopters to be placed on any surface. The new design, outgoing by a crystalline form, allows a perfect relationship between floor surface and volume. The steel construction with a Membrane covering offers a useful area between 150 m² to 1400 m² and is equipped with many different types of doors. Many options and features add a new generation of Hangar concepts.

The biggest advantage of FABSPACE HANGARS is, that we can manufacture your personal Hangar in size and design!

FABSPACE V_01:

Is a small size Hangar for one or two small Sport-Aircrafts.
